

National STAR Events Michigan Policies

Michigan FCCLA uses the current edition of the ***STAR Events Manual*** for all National STAR events offered at the State Leadership Conference. The STAR Events Manual is revised each fall, and is posted as a free download through the membership affiliation system, under the resources tab. All information listed in the ***STAR Events Manual*** is official; the information printed here is for quick reference only.

Michigan FCCLA has several policies that add to or replace the guidelines published in the national STAR Events Manual in order to facilitate competition at the state level. Please be sure to reference these policies when preparing your students.

- Each student may enter only one STAR Event. In addition, they may also participate in the FCCLA Scrapbook Michigan STAR Event, Door Sign competition, and the following recognition programs; Power of One, Five Star Chapter, and the State Community Service Activity (*not to be confused with the Michigan FCCLA STAR Event of Community Service Challenge*).
- There is no minimum or maximum number of students who can be involved from any one chapter.
- Chapters may have more than one entry in any event, with the exception of the FCCLA Scrapbook Michigan STAR Event (one scrapbook submission per chapter). However, students need to be aware they will be competing against members from their own chapter.
- A team may be composed of one, two or three participants from the same chapter and/or school with the exception of the Parliamentary Procedure Event, which **must** consist of four to eight members.
- The Culinary Arts event will not be held at the State Leadership Conference without at least 10 participants registered by the SLC deadline.
- The Culinary Arts event will be limited to the first 25 participants that register and pay the State Leadership Conference registration fee.
- Depending on the availability of the hotel kitchen, Culinary Arts competition may take place on Wednesday night or at any point on Thursday, regardless of when other STAR Events are scheduled.
- All students are required to pre-register for a specific event. This includes the FCCLA Scrapbook Competition.
- All students that compete will be given a Gold (100-85), Silver (84-70) or Bronze (69-0) rating.
- Each student that receives a Gold, Silver or Bronze rating will receive a medal and a certificate.

National STAR Events - Michigan Policies (continued)

- The following events do not compete at the State Leadership Conference, but Michigan FCCLA can still send students to the National Conference to represent our state. If you are interested in any of the events below, please let Michigan FCCLA know by December 15th. If more than one school is interested in an event, schools will have to hold and run a preliminary contest at a location of their choosing. The students in these contests need to be on your official roster by February 1st in order to compete at the National Leadership Conference:
 - Baking and Pastry
 - Event Management
 - Instructional Video Design
- **All competition participants must attend a mandatory orientation and registration meeting at the State Leadership Conference.**
- An overall winner will be identified in each of the National STAR Event categories at the State Leadership Conference. The overall winning individual/team in each National STAR Event will qualify to represent Michigan at the National Leadership Conference.
- All decisions of the evaluators are final.
- Refer to the disqualification and point deduction sheet in the National STAR Event Manual.
- Specific event rules come from the National STAR Events Manual, published online through the FCCLA membership affiliation system, under the resources tab each Fall.

STAR National STAR Events Tips & Advice

1. Use projects being done in the classroom. For example, giving an oral presentation on AIDS using visuals is an Illustrated Talk.
2. Don't attempt to offer all events at one time. Choose those that best fit your program needs.
3. You can piggyback STAR Events from one large project, such as Illustrated Talk, Chapter Service, or National Programs in Action.
4. Use National STAR Events guidelines to set-up projects.
5. Use the FCCLA planning process and relate it to FCCLA's purposes.
6. Ask an experienced adviser if you don't understand something.
7. Have students practice in the classroom; give grades for participation.
8. Get ideas from leadership magazines, refer to the **Adviser** and adviser mailings, and check the Internet for community service ideas.
9. Use the national publications, such as Career Connection, Families First, Financial Fitness, Power of One, STOP the Violence, Student Body, and **Teen Times** for event ideas and resources.
10. Communicate with other chapters in Michigan and around the country to see how they prepare students for competition.
11. Start early and have a good time.
12. Use local school staff members as resources and for assistance. This also gives visibility to the program.
